

ADVANCED FLORIDA BUILDING CODE CHANGES

MACCA: NOVEMBER DINNER MEETING

Speaker: **Bob Cochell**

Don't miss our upcoming presentation with speaker Bob Cochell! He will be providing a comprehensive overview of the 2023 Florida Building Code, 8th Edition. This presentation will focus on the important changes in the HVAC industry, exhaust systems, duct systems, air leakage, equipment sizing, heat pumps, and more. As the code book is updated every three years, this event is a valuable opportunity for you to stay informed about the latest code changes and understand how they impact your industry.
